## **FSIS Industry Seminar on HACCP**

**December 7 - 9, 1998**

FSIS Training Center  
College Station, Texas

# Information

### **Background:**

Through this seminar, FSIS is offering industry trainers an overview of the training program that FSIS inspectors are receiving on HACCP and microbial testing. This training initiative will address the HACCP and *Salmonella* requirements contained in the Pathogen Reduction/HACCP rule. FSIS is currently training field inspection and compliance personnel on the requirements contained in the rule. The program will begin at 8:00 a.m. on Monday, December 7 and will end at 5:00 p.m. on Wednesday, December 9, 1998. A picture-teleconference with Mr. Bill Smith is tentatively scheduled for Wednesday afternoon from 2:00 to 5:00 p.m.

### **Industry Seminar Objective:**

Upon completion of this program, participants will have an understanding of the latest learning objectives and course contents for the HACCP and Microbial Testing Training Programs being given to FSIS field inspection and compliance personnel.

### **Course Materials:**

The FSIS training notebook (\$71.00) will be used during the course, and participants may also purchase additional materials if needed. The course materials will be provided by the HACCP Alliance on a cost recovery basis.

### **Registration:**

There is no registration fee. However, registration is limited to the first 100 people due to space limitations. So please fill in the information below and fax it to the International HACCP Alliance office. Confirmation and additional information will be sent to all registered participants by Thursday, December 3, 1998.
