Update Packet Available for the FSIS Pathogen Reduction & HACCP Facilitator's Guide Notebook

The FSIS Pathogen Reduction & HACCP Facilitator's Guide has recently been updated and shared with the International HACCP Alliance. The 827-page update packet has been duplicated and copies are available from the International HACCP Alliance at a cost-recovery basis price of **\$27.50**.

Since our records indicate that you purchased a Facilitator's Guide Notebook, we wanted you to be aware that an update packet is now available. If you are interested in ordering the packet, please fill out the information below and fax/mail the form back to the International HACCP Alliance office.
